USES COMMON YELLOW MUSTARD FOR CHEST COLDS AND SORE THROAT

Old Fashioned Simple Home Remedy
Much Used by Doctors and Nurses
for Inflammation, Congestion,
Aches, Pains and Swellings.

Mustard, real yellow mustard, the
kind you use at home, is being used
more than ever to banish distress and
misery and free mankind from agony
and suffering.

Not very long ago people used to
make yellow mustard into a paste,
spread it on a cloth and apply it to
that part of the body where pain or
inflammation was present.

It surely did do the work it was ex-
pected to do, but it was messy and
bothersome and often blistered the
skin.

People still use yellow mustard
when they get a cold in the chest or
have pleurisy, lumbago, or rheumatic
pains and swellings.

But nowadays they buy this yellow
mustard in condensed form all ready
for use for something like 30 cents
a box and find it much better, cheaper
and cleaner than mustard planters.

This yellow mustard preparation,
which is known to millions as Begy's

Mustardine is sold at drug stores all
over America and one box will do the
work of 30 mustard planters and it
cannot blister the tenderest skin.

Begy's Mustardine is the original
mustard preparation used to take the
place of blistering mustard planters
and is known among druggists as the
quickest painkiller on earth.

Begy's Mustardine in the house, for it
is good for so many ailments that you
will need it often.

Just rub it on, that's all you have
to do and headache, backache, earache
and toothache will disappear almost
instantly.

Don't fail to use it for neuritis, neu-
ralgia, sciatica, lumbago, gout and
rheumatic pains and swellings.

You will quickly find that there is
nothing so good for sprains and
strains, sore muscles, stiff neck and
cramps in leg.

Real yellow mustard and Begy's Mus-
tardine made of real yellow mustard
with other helpful ingredients added
contains more concentrated non-bis-
ter heat than can be found in any
box the same size.

Just try a 30-cent box—you'll praise
it to the skies as millions are doing
every day. Always in the yellow box.

Something New Taken Out of Doctors' Hands

ed in This Doctor's Prescrip-
tion Offered Direct to
the Public.

Relief now is assured to pale, weak
and nervous people. Nothing so sure
and good ever came to the public as
this wonderful medicine. Nu Vim
Iron Tonic, a safe remedy that builds
up the frail, tired out, nervous body.
Nu Vim is purely a vegetable tonic,
composed of Iron Weed, Burdock,
Poke Root, Prickly Ash, Queen's
Root, Yellow Dock, Oregon Grape,
Cascara, with Iodine and Salicylates,
thus making it the leader of all medi-
cines in building up a weak stomach,
removing the bile and starting a lazy
liver, toning up and purifying the

blood and giving new strength and
color. It puts life and energy into
those who get up mornings as tired
as when they went to bed, with no
vim for anything. The formula of
Nu Vim is printed on the back of
every carton, and all doctors should
recommend it to weak, pale people.
It helps them as it did in this case.
"Two bottles of Nu Vim restored me
to health. I feel better in every way
and eat and sleep as I should. I was
very badly run down, my whole sys-
tem was weakened. I couldn't rest at
night and I was so stiff in the morn-
ing I couldn't get out of bed. I had
severe pains all over my back and
lungs, had no appetite, my tongue
was coated and my breath was bad.
When I was induced to try Nu Vim,
I found just the thing I needed." W.

PRaises MUSICAL POWER OF JAPANESE WORKMEN

TOKYO, Oct. 17.—The song Japa-
nese workmen sing when raising the
roof of a new building is among
the purest music in the world, ac-
cording to Henry Eichheim, formerly
of the Boston Symphony Orchestra
and later conductor of his own or-
chestra. Eichheim has come to Japan
to study Oriental music with a view
to using it in compositions.

"To my mind, the Oriental has
evolved the purest music in the
world," said Eichheim. "I want
to absorb as much of it as I can and
get its true atmosphere. The Ori-
entals have evolved by process of elim-
ination a perfect philosophy, a per-
fect art and a perfect music."

"Take their flower arrangement,
in the center of a table. The Japa-
nese take one or two flowers and
decorate a whole room."

SHOOT COP AND ROB N. J. BANK OF \$7,000

One Bandit Wounded by Of-
ficer Who Battles Seven
After Hold Up.

ROSELIE, N. J., Oct. 17.—Bandits
robbed the First National Bank of
Roselie yesterday and escaped with
\$7,000, after shooting a policeman.
One of the robbers also was wounded
in a duel that followed discovery of
the robbers. An automobile in which
the seven bandits drove to the bank
was said to have been stolen in Eliza-
beth.

Two men remained in the car, the
other five entered the bank with
drawn revolvers, and lined up every-
one in the building against the wall.
A girl employee succeeded in sounding
a police alarm, and Sergeant Keenan
answered the call.

As the sergeant stepped into the
bank, one of the robbers struck at
him with a club and, as he dodged the
blow, a second burglar fired at him,
wounding him in the breast. Although
seriously wounded, Keenan returned
the fire and wounded one of the rob-
bers, who was carried away by his
companions.

DAIRYMEN WANT U. S. CONVENTION

BUENOS AIRES, Oct. 17.—Dairymen
of South America are desirous
of holding a joint convention with
their brothers in North America,
somewhere in the United States, next
year. At the close of their first an-
nual congress here yesterday, the
dairymen inquired of American Am-
bassador Frederick J. Stimson as to
the feasibility of meeting in Wash-
ington. Ambassador Stimson replied
that he hoped it could be arranged.
It is understood that an invitation
from the National Dairy Association
of the United States would be favor-
ably received.

TELLS OF STRUGGLE TO GET INTO JOURNALISM

The Women's Press Club met yes-
terday at luncheon in the Ebbitt
House, and Countess Leschi, one of
the women journalists of Italy, made
the principal address.

She outlined the difficulty which
was encountered in her country by
women desiring to break into news-
paper work. After contrasting Amer-
ican and Italian fields of journalism,
she concluded by saying: "All things
may be made easier for women, now
that we have the vote. Our friends
in Parliament work unceasingly for
us."

PROTEST REMOVAL OF KAISER'S PHOTOS

School Children in Berlin De-
clare Strike Following
Government Order.

BERLIN, Oct. 17.—German school
children in half a dozen communities
are on strike for the Kaiser.

They do not want the Kaiser on
the throne, but they do want him on
the wall.
The "school kids' strike" was pro-
voked by an order from the govern-
ment authorizing Pan-German teach-
ers to cease teaching devotion to the
Kaiser and to remove pictures of so-
vereignty from the school rooms.
Berlin Socialist papers condemn the
"school kids' strike" as monarchist
propaganda instigated by royalists
throughout the land.

duced by Senator Francis of Maryland.
The data would be used in reorganiz-
ing a permanent public health ser-
vice, combining the activities of all de-
partments.

MINES SPEEDS WHEAT SHIPMENT

CHICAGO, Oct. 17.—Walker D.
Hines, director of railroads, yesterday
held a series of conferences with the
heads of Western roads and officials
of the United States Grain Corpora-
tion, at which plans were discussed

for the movement of the large wheat
crop from the Southwest to the mar-
kets in the East. Mr. Hines an-
nounced that wheat would have to be
handled as emergency freight and
given preference over other traffic
until normal conditions are restored.
